The applicant of the electronic certificate gives his/her agreement to the Provider to collect, store and process his/her personal data. Declares that he/she is informed that the Provider will use them for the needs of its activites as a provider of trusted, information, cryptographic and consulting services, will process and store them in electronic or written form. The provision of the personal data framed by REGULATION (EU) No 910/2014 is mandatory. The provision of all personal data outside the framework of the Provider's activity under The REGULATION (EU) No 910/2014 is voluntary. The recipients to whom the data can be provided are only the Registration Authorities of B-Trust, the verifiers of the Provider and the Communications Regulatory Commission. Access to personal data for requesting changes is made through the Provider.
